National Irrigation Administration
A Stronger Agency for the attainment of Rice Self-Sufficiency

2010
ANNUAL
REPORT

The background of the lower half of the cover features a photograph of a concrete dam with water flowing through its spillways. The dam is set against a backdrop of lush green trees and a clear blue sky. In the foreground, there are some green plants with small white flowers. The image is partially obscured by white curved graphic elements.

National Irrigation Administration CY 2010 Major Irrigation Projects

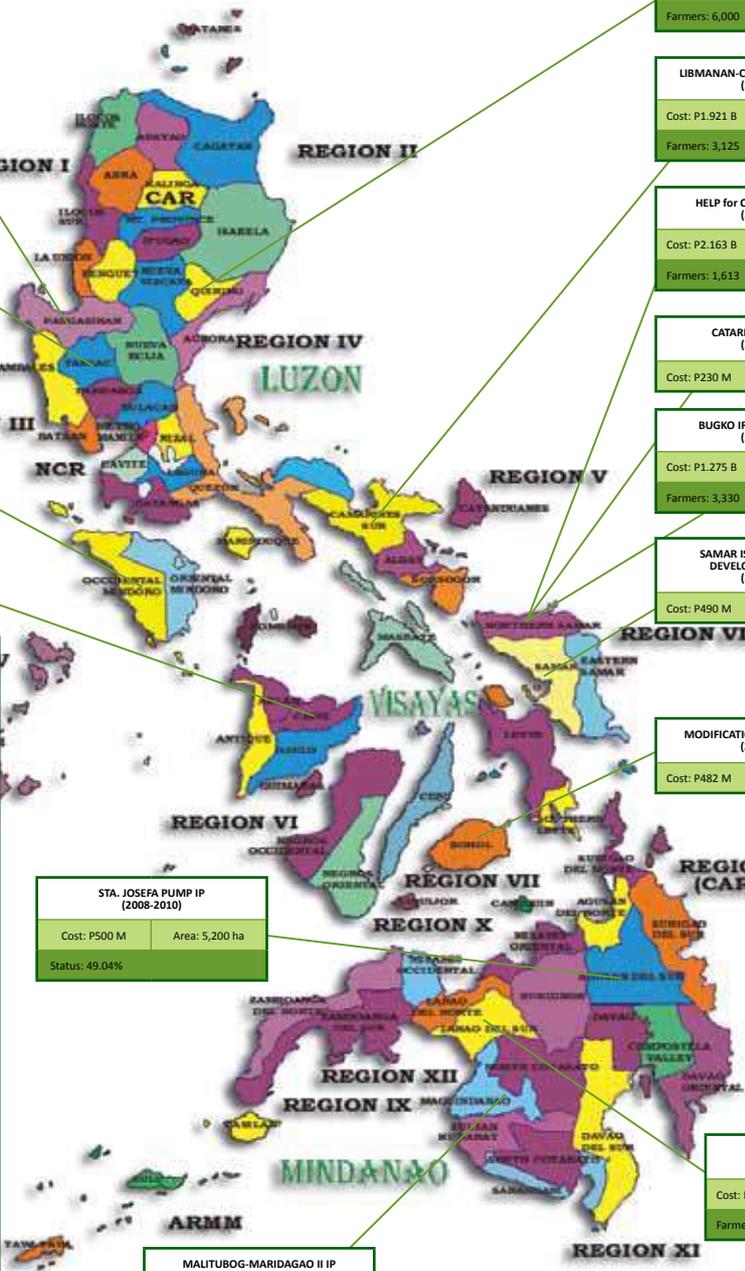

AGNO RIVER INTEGRATED IP (2006-2013)	
Cost: P11,226 B	Area: 34,450 ha
Farmers: 34,450	Status: 53.53%

BALOG-BALOG MULTIPURPOSE IRRIGATION PROJECT (1999-2011)	
Cost: P2,363 B	Area: 12,475 ha
Farmers: 23,400	Status: 85.82%

AGRICULTURAL PRODUCTIVITY IMPROVEMENT & ENVIRONMENTAL CONSERVATION IN LUBANG ISLAND-IC (2009-2010)	
Cost: P275 M	

MAAYON IRRIGATION PROJECT (2010-2011)	
Cost: P186 M	Area: 780 ha

NATIONWIDE PROJECTS	
CONST/REP/REHAB of NEW/EXISTING NIS and CIS	Annual Program Cost: P1,092 B Status: 54.00%
REP/REHAB of GROUNDWATER IRRIGATION PROJECT	Annual Program Cost: P30 M Status: 49.00%
BALIKATAN SAGIP PATUBIG PROGRAM	Annual Program Cost: P150 M Status: 55.00%
SMALL RESERVOIR IRRIGATION PROJECT (1989-2020)	Cost: P7,985 B Area: 34,605 ha Farmers: 29,307 Status: 33.29%
FS and DE of VARIOUS PROJECT	Annual Program Cost: P150 M
PARTICIPATORY IRRIGATION DEVELOPMENT PROJECT (2007-2013)	Cost: P5,111 B Area: 47,535 ha Farmers: 164,546 Status: 21.82%
IRRIGATION MANAGEMENT TRANSFER SUPPORT SERVICES	Annual Program Cost: P29 M
RESTORATION/REHAB of EXISTING NIA - ASSISTED IRRIGATION SYSTEMS	Cost: P6,524 B Status: 64.86%
PAYMENT FOR ROW, COMPLETION WORKS AND CLAIMS OF COMPLETED PROJECTS (2008-2010)	Cost: P60 M Area: 1,728 ha Status: 98.13%
REPAIR, OPERATION AND MAINTENANCE OF NIS PUMP IRRIGATION SYSTEM	Annual Program Cost: P70 M
SMALL IRRIGATION PROJECT	Annual Program Cost: P100 M Status: 37.00%
IRRIGATION SYSTEMS OPERATION EFFICIENCY IMPROVEMENT PROJECT (VISAYAS and MINDANAO)	Annual Program Cost: P2,185 B Area: 30,000 ha
RESTORATION/REHAB of EXISTING NIA - ASSISTED IRRIGATION SYSTEMS (NDG 6)	Cost: P1,328 B

ADDALAM RIVER IP (1997-2010)	
Cost: P1,311 B	Area: 5,830 ha
Farmers: 6,000	Status: 95.79%

LIBMANAN-CABUSAO DAM PROJECT (2009-2010)	
Cost: P1,921 B	Area: 4,000 ha
Farmers: 3,125	

HELP for CATUBIG AAP, Stage I (2002-2010)	
Cost: P2,163 B	Area: 4,550 ha
Farmers: 1,613	Status: 67.34%

CATARMAN BONBRON IP (2010-2012)	
Cost: P230 M	Area: 1,800 ha

BUGKO IRRIGATION PROJECT (2010-2013)	
Cost: P1,275 B	Area: 5,092 ha
Farmers: 3,330	

SAMAR ISLAND IRRIGATION DEVELOPMENT PROJECT (2010-2014)	
Cost: P490 M	Area: 1,023 ha

MODIFICATION OF MALINAO DAM (2010-2012)	
Cost: P482 M	Area: 200

STA. JOSEFA PUMP IP (2008-2010)	
Cost: P500 M	Area: 5,200 ha
Status: 49.04%	

MALTUBOG-MARIDAGAO II IP (2010-2018)	
Cost: P7,491 B	Area: 8,760 ha
Farmers: 3,504	

MALAIG RIVER IP (2003, 2008-2011)	
Cost: P375 M	Area: 2,750 ha
Farmers: 760	Status: 66.57%

Administrator's Report

*We, in NIA, believe
that the
Filipino Farmers' Success
is Our Success.*

Haiko Magtrayo Photography

2010 ANNUAL REPORT

The National Irrigation Administration continues to help and uplift the quality of lives of the farmers. Our accomplishment for the year 2010 mirrors our will to continuously provide the needs of our farmer clientele and support the country's goal of rice sufficiency. As such, the agency pursued the implementation of 38 irrigation projects: 8 foreign-assisted, 27 locally-funded (including continuing activities and carry-over projects) and 3 interagency projects. Seven are located in Luzon, seven in Visayas, five in Mindanao and nineteen with sub-projects in selected provinces nationwide.

Other activities for the year are the repair, rehabilitation and restoration of areas of national and communal systems, organization and development of irrigators' associations and feasibility studies and packaging of potential projects.

As of December 31, 2010, the agency accomplished 51% of the targeted area of 12,989 ha for generation or 6,603 ha and 79% of 248,565 ha for rehabilitation or 196,075 ha and 77% of 66,862 ha for restoration or 51,329 ha.

Irrigation Development Program for the year involved a funding requirement of P16.48 B, broken down into: P14.96 B regular budget, P0.77 B carry-over funds and P0.75 B inter-agency funds. Total available allotment was P15.93 B with cash and non-cash support of P12.48 B or 78% of the available allotment. Obligations incurred amounted to P14.11 B.

The Agency now manages 212 NIS nationwide with a total service area of 751,787 ha. The total irrigated area was 1,102,394 ha broken down into 529,810 ha during the dry season (November 2009 to April 2010), 546,363 ha during the wet season (May 2010 to October 2010) and 26,221 ha for the third crop. Irrigation cropping intensity attained was 147%.

ANTONIO S. NANGEL
Administrator

Project Development & Implementation

A. Foreign-Assisted Projects

The agency continued the implementation of five on going foreign-assisted projects. For CY 2010, a total of P4.144 B was programmed for these projects. This amount is 27% of the total approved irrigation budget of P15.244 B for CY 2010.

As of the end of the CY 2010. Total allotment released for these projects was P4.124 B. Obligations incurred amounted to P3.188 B.

Moreover, carry-over funds of P0.403 B which were unobligated from previous years allocation are being utilized and obligated during the year.

Hence, total available allotment amounted to P4.527 B. Total obligations incurred amounted to P3.590 B.

A lump sum amount of P10.752 B cash/non-cash was received to support the allotment releases for both foreign-assisted and locally-funded projects. This amount represents 71% of the total allotment of P15.174 B released to NIA.

Physical targets for these projects were the generation of 2,710 ha of new areas, the rehabilitation of 5,400 ha in existing irrigation systems. These targets represented 21% and 2% of the total target area of the agency for generation and rehabilitation for CY 2010, respectively.

As of December 31, 2010, these projects generated 80 ha new areas and rehabilitated 5,400 ha in existing irrigation systems. Thus the agency's accomplishments are 3% and 100% of the total target area for generation and rehabilitation, respectively, in foreign-assisted projects.

The Participatory Irrigation Development Project (PIDP) is a World Bank-assisted project. The Loan for PIDP was approved by the World Bank Board on June 25, 2009. The Loan Agreement and other legal documents were signed on August 7, 2009. The loan was declared effective on November 3, 2009.

PIDP's objectives are: 1) to transform NIA into a strategically focused and financially viable irrigation service through the implementation of its Rationalization Plan; 2) to enhance participation of IA through building their capacity in irrigation development and management and implementing Irrigation Management Transfer (IMT); and 3) to improve irrigation service delivery through rehabilitation, improved O&M and modernization of NIS.

The project has two main components: the Irrigation Sector Restructuring and Reform and the Infrastructure Development. The first component will support the interlinked strategies of implementation of IMT and the NIA Rationalization Plan. While the second component will support the rehabilitation of 14 Core A NIS and technical enhancements in 44 Core B NIS. Upon completion of the project, 8,091 ha of new areas will be generated and 35,284 ha will be rehabilitated benefiting about 217,960 farmers.

PIDP was allocated an amount of P1.19 B under the approved CY 2010 GAA (Peso Counterpart - P325.7 M and Loan Proceeds - P864.8 M).

2010 ANNUAL REPORT

Expenditures as of December 31, 2010 (in thousand pesos)

Particulars	Total Estimated Cost	Advances From COB As of Dec. 2009	CY 2009		Actual To Date
			Program	Actual Obligation	
1. Irrigation Sector Restructuring & Reform	1,438,320	718,789	309,592	246,520	965,309

1/ - SARO from DBM

2/ - This excludes the amount of P146M realigned to ARIIP

3/ - Obligations for affected personnel for Year 3 funded from Year 2 balances.

As of December 31, 2010, accomplishments were:

1. Irrigation Sector Restructuring and Reform

In the implementation of the NIA Rationalization Plan, a total of 1,582 personnel (1,269 for Y1, 292 for Y2 and 21 for Y3) were retired/separated from service and the corresponding incentives and terminal leaves amounted to P886.56 M.

Under the project's NIA Institutional Strengthening and Irrigation Management Transfer (IMT) Program, organizational development trainings, workshops, orientations and technical support activities were provided to both NIA staff and IA to capacitate and prepare them for IMT implementation. At the Central Office level, 32 trainings were conducted and were participated in by 1,186 participants; Regional Office level, 98 trainings with 3,580 participants; IMO/Systems Office level, 47 trainings with 1,578 participants; and, IA level, 127 trainings with 4,667 participants.

2. Infrastructure Development

Thirty-three (33) programs of work of Core B national irrigation systems were approved and allocations in the amount P52.13 M for these were released. Conduct of biddings for these systems are ongoing. Procurement of O&M, ICT and Training equipment are ongoing.

B. Locally-Funded NIA Projects

There were 23 locally-funded projects implemented during the year. Of the CY 2010 approved irrigation budget, 72% or P10.815 B is programmed for these projects. Correspondingly, allotment released was P10.280 B. Obligations incurred was P9.827 B. Physical target for the year was the generation of 7,888 ha of new areas, rehabilitation of 241,238 ha and restoration of 66,862 ha in existing systems or 61%, 97% and 100% of the total agency's targets for CY 2010 respectively.

As of the end of the year, these projects generated 2,188 ha new areas, rehabilitated 155,448 ha and restored 33,476 ha in existing systems. These included accomplishments from carry-over program, (261 ha area generation, 2,743 ha area rehabilitation and 1,677 ha area restoration).

Total available allotment for these projects including carry-over funds from previous year's allocation amounted to P10.351 B. Obligations incurred amounted to P9.897 B.

C. Carry-over Projects

Seven carry-over projects from CY 2009 Program were also pursued. Three are foreign-assisted and four locally-funded projects. Total available allotment for these projects amounted to P0.295 B. Obligation incurred was P0.295 B. As of the end of the year, these projects generated 3,010 ha. Rehabilitated 33,136 ha and restored 17,853 ha in existing systems.

D. Inter-Agency Projects

In addition to NIA's regular programs, the agency is continuously implementing inter-agency projects:

1. Ongoing Project

a. Comprehensive Agrarian Reform Program - Irrigation Component (CARP-IC) Phase II funded under DAR's Agrarian Reform Fund

CARP Phase II, with an aggregate cost of P8.5 B, started in 1999 and shall be completed in 2009. The project will improve/construct existing CIS and new CIP to irrigate 34,428 ha when fully operational.

For CY 2010, the project targeted 2,391 ha of new area for generation and 1,927 ha for rehabilitation in 94 CIS/CIP.

Accomplishments as of the end of the year were the generation of 1,213 ha of new areas and rehabilitation of 2,026 ha.

During the period under review, thirty-five (35) CIP/CIS implemented under CARP Phase II were completed benefitting 2,886 farmer-beneficiaries.

Allocation for the year amounted to P282 M (P251 M from CY 2010 Program and P31 M from carry-over fund balances). As of the end of the year, total available allotment amounted to P286 M with corresponding cash support of P234 M was received. Obligation incurred amounted to P241 M.

2010 ANNUAL

b. Agrarian Reform Infrastructure Support Project 999 (ARISP 999) partly funded under JBIC loan

The ARISP III was funded under the 27th Yen Package of the Government of Japan Bank for International Cooperation. The Projects' Loan Agreement was signed on December 18, 2007 and took effect on April 15, 2008. It is an expansion of ARISP I and II which covered 229 Agrarian Reform Communities (ARC). The project aims to develop 129 ARC in 14 regions and 54 provinces.

NIA, as one of the cooperating agencies, together with the Local Government Units (LGU), is responsible for the irrigation development of the areas covered by the project. It is tasked to undertake the project preparation, planning, design, construction/rehabilitation of 111 CIP/CIS and provision of on-farm facilities and access roads.

Upon completion of the project, some 21,845 hectares farm lands will be generated/rehabilitated/restored to benefit around 18,030 farmer-beneficiaries.

As of December 31, 2010, 76 ARC have been validated. Eighty-six irrigation projects in 45 provinces under 76 ARC were identified for possible funding under ARISP III. Of these projects, feasibility study (FS) on 60 projects were completed and 22 projects are ongoing, one project is for full implementation by LGU and three projects are deferred. Forty-eight projects were found to be feasible. Of these, detailed engineering on 14 projects were completed and 20 projects are ongoing. Eleven projects are ready for construction and three are subjected to POW concurrence. Overall accomplishment for pre-engineering activities was 62.04%.

2. Carry-over Projects

a. Agrarian Reform Communities Development Project (ARCDP) Phase 99 funded by the World Bank

ARCDP Phase II is a World Bank - assisted project. It started in the 2nd quarter of CY 2004. The project increased its coverage from 80 Agrarian Reform Communities (ARC) in 17 provinces to 123 ARC in 20 provinces.

A total of 48 subprojects were identified for pre-engineering activities. However, 31 subprojects only were approved. Feasibility studies and detailed engineering on these subprojects were completed. As of the end of CY 2010, the construction of 26 subprojects were completed, with 2,429 ha of new area generated and 1,814 ha rehabilitated. Two subprojects with a target of 436 ha new area are under construction. Two others were deferred. One project shall be implemented by LGU. These projects when completed will generate 2,865 ha new areas and rehabilitate 1,814 ha in existing system or will irrigate a total of 4,679 ha. These projects when completed will benefit 4,447 farmer beneficiaries.

Southern Philippines Irrigation Sector Project

The Southern Philippines Irrigation Sector Project (SPISP) is an Asian Development Bank (ADB) financed project under Loan No. 1668 PHI and the estimated loan amount is US \$60.00 million. To date, the revised estimated loan amount is US \$57.404 million after partial cancellation of US \$2.595 million.

Originally, the seven-year development project would have commenced in the year 1999 and expected to be completed in December 2005 but due to funding constraints SPISP implementation started on June 5, 2000 from the time the full CPMO staff complement was established and the Consultant Consortium start mobilizing. It was formally launched during the inception Workshop in Cebu City on July 25, 2000. The original loan closing date is June 30, 2006 and the approved extension period is June 30, 2010.

The physical accomplishments for subprojects implemented by NIA and LGU ending December 2010 were 97.25% and 100%. The overall physical status of SPISP is 97.31% based on the approved overall program of works. After the loan closing date, the remaining works will be funded under the GOP.

The total financial expenditures of the project including the interest during construction and commitment charges is P 4,407.94 million (financed by NIA = P 3,438.020 million; financed by LGU = P 76.051 million; interest during construction including commitment charges = P 533.873 million) or equivalent to 97.09% of the estimated cost of P 4,169.264 million.

The actual expenditures incurred for CY 2010 is P 353.34 million or 76.02% of the total programmed amount of P 464.77 million that includes the carry-over balance for CY 2009.

As of December 31, 2010, the project has disbursed a total amount of US \$49.75 million or equivalent to 86.67% against the total loan of US \$57.40 million. The total pending application is US \$0.04 million.

For CY 2010, the actual disbursement of the project is US \$3.37 million.

Subproject	Physical (%)	Financial (%)
Direct Cost		
Gibong Right Bank RIS	98.57	91.67
Gibong Left Bank RIS	97.16	93.88
Baobo NIP	96.84	95.77

Indirect Cost (GESAs, Management Fee and IDC)		99.00
OVERALL ACCOMPLISHMENT	97.31	97.09

Small Reservoir Irrigation Project

The nationwide implementation of Small Reservoir Irrigation Project (SRIP) under the Medium Term Project Investment Program (MTPIP) and Agricultural Fisheries Modernization Act (AFMA) is the undertakings by SRIP-PMO in support to the Irrigation Development Program of the NIA. The project requires for the identification, investigation, validation, feasibility studies/ detailed design and construction of a Zoned Earth fill Dam and Irrigation Facilities to provide a year round irrigation to an estimated service area of 34,605 hectares. Other benefits derive from completed SRIP's include flood control, aquaculture, hydropower, domestic water supply and recreational facilities for local tourism.

Construction of SRIP's requires a relatively low capital investment compared to the much larger national irrigation projects. It can be completed into five (5) years time and has quick yielding effects especially in economically depressed areas.

For CY 2010, an amount of P350.0 million was allotted for the implementation of on-going SRIPs nationwide. However, the amount of P100.0 million was re-aligned to CRRENIAAS. Out of this P250.0 million allocation, there are four (4) on-going construction; three (3) under pre-construction; four (4) newly started projects; and seven (7) projects for detailed design, broken down as follows, to wit;

Talibon SRIP	Talibon, Bohol	
Tangub SRIP	Tangub City, Misamis Occ.	P 49.0 M.
Masidem SRIP	Bani, Pangasinan	59.2 M.

9. Project Preparation Activities

The Agency pursued various project preparation activities. Allocation for this year's activities was P152.84 M (P150 M from CY 2010 program and P2.84 M from carry-over fund balances) and obligation incurred was 106 M. The activities included:

Activities	Number of Projects		
	Completed	On-going	Total
1. Pre-feasibility study/project identification	3	5 *	8
2. Feasibility Study	1	11	12
3. Detailed Design		6 *	6
4. Assistance to LGU and other projects:			
a. Packaging of projects for implementation and economic evaluation	5	12	17
b. Land and Water Resources	1	19	20
c. Pre-feasibility Study (Hydrological Aspect)	1	6	7
d. Geological Studies / Investigation	2	16 *	18
e. Survey Mapping		7	7
5. Watershed Assessment and Management Planning of Proposed National Irrigation Projects	5	9	14

* One is deferred/On-hold

9.9. Status of Irrigation Development

As of December 31, 2010, the total service area developed was 1,542,668 ha or 49% of the estimated potential irrigable area of 3,126,340 ha. Of this area, 767,006 ha are under NIS, 558,333 ha in CIS and 217,329 ha in private irrigation systems (PIS). The remaining potential area to be developed is still 1,584,232 ha. The estimated potential irrigable area are those primarily devoted to rice and corn and up to 3% slope.

Region	Estimated Total Irrigable Area a/	Service Area (ha)				Irrigation Development (%)	Remaining Potential Area to be Developed
		National Irrigation System b/	Communal Irrigation System	Private Irrigation System	TOTAL		
CAR	99,650	22,622	35,486	22,912	81,020	81	18,630

Operations and Maintenance Activities

9. National Irrigation Systems (NIS)

NIA operated and maintained 212 NIS nationwide with a total service area of 751,787 ha.

The programmed area for irrigation this crop year is 1,188,254 ha. As of the end of the year, irrigated area was 529,810 ha during the dry season (November 2009 to April 2010), 546,363 ha during the wet season (May 2010 to October 2010) and 26,221 ha for the third crop or a total of 1,102,394 ha which is 93% of the programmed area. The irrigated cropping intensity attained was 147 percent.

RE- GION	NO. OF NIS	SERVICE AREA (at the begin- ning of the year)	IRRIGATED AREA (ha)									IRRIGATED CROPPING INTENSITY (%)

Dry Season - November 2009 to April 2010

Wet Season - May 2010 to October 2010

Some parts of Regions have inverted cropping season

99. Institutional Development Program

The organization and development of farmer-beneficiaries were continuously undertaken nationwide to facilitate implementation of irrigation development and management. Trainings were conducted to increase the capabilities of farmer-beneficiaries.

As of December 31, 2010, 87 IA were organized and 697 IA were strengthened in NIS and CIS. One hundred forty-five IA were registered with the Securities and Exchange Commission.

A total of 261 IA contracted with NIA for the operation and maintenance of irrigation systems, while 233 IA renewed their contracts.

Basic Leadership Development and Financial Management and System Management Training were conducted in 20,735 irrigation beneficiaries. Orientation Training was conducted for 4,856 staff-members.

Irrigators' Association Organization Summary

Area Covered	ha.	450,539	41,267	491,806
No. of Farmers	no.	388,050	407,595	795,645

999. Equipment Management

The agency satisfactorily maintained in operating condition 212 units of equipment or 84% of the 5,343 units. This is composed of 22 heavy equipment, 143 light equipment, 42 other equipment and 5 special equipment. There are 3,159 units that are under Category A2 or operating intermittently and less reliable equipment and 664 units under Category A3 or non-operable equipment needing repair.

The 22 units of heavy equipment that are in good condition are used to support project construction, repair and rehabilitation of existing NIS, and O&M of NIS.

As of end of the year, 1,308 units are recommended for disposal. The sale through public auction of unserviceable equipment was pursued to reduce further unnecessary operation expenditures and deterioration.

Rationalization Plan Updates

Personnel Complement:

As the Rationalization Plan reached its third year implementation during the year under review, the number of filled-up positions gradually increased. As of year-end, 2896 or 75% of the 3819 authorized positions have been filled. On the other hand, employees, who opted to be placed during the 5-year phased implementation running from 2008 to 2012 and those who are on co-terminous with the incumbent (CTI) status decreased which is registered at 38 and 787, respectively. Breakdown is shown in the table below:

Responsibility Center	Authorized No. of Positions vis-à-vis Existing Personnel						TOTAL	Vacant

TOTAL	3,819	2,896	787	38	331	1,086	5,138	923

To ensure the smooth implementation of the Plan, problems encountered along the way are addressed by the CMT. Meetings and workshops with field officials were conducted to serve as venue for raising issues and concerns that need immediate resolution.

Capability Development Programs

Seminar/Workshop	Date	Aim/Highlights
Seminar-Workshop on RA 9184 and its IRR	January 21-22, 2010	to update/educate the BAC, BAC Secretariat, TWG and others involved in the procurement process.
Seminar-Workshop on Hydrology	April 12-16, 2010	to capacitate and enhance the knowledge and skills of the participants to conduct hydrological studies and analysis required in the feasibility studies of irrigation/diversion dam projects.
Seminar on Code of Conduct		to promote proper conduct and ethical standard in the workplace.
"Peace...I am Here" (A Spiritual Journey)	March 12-13 and March 19-20, 2010	Said recollection which is part of the Moral Renewal Program's sustenance activity was facilitated by the Evangelion Foundation, Inc.
Seminar on Empowering Decisions to Change	July 29-30, 2010	to focus on the facets of values, character and spirituality in a person's holistic development.
Values Orientation Workshop	November 22-24, 2010	to develop total package personnel, a program for further enhancement of moral values.
Orientation-Workshop: PSB-C.O. for 1st and 2nd Level Positions	August 5, 2010	to increase their knowledge and enhance their capabilities in performing their respective roles of screening and evaluating candidates for appointment/promotion.

Overseas Training /Scholarship Grants

Various international trainings were provided by the Japan International Cooperation Agency (JICA) to the NIA to assist and further develop the capabilities of its employees. Five (5) employees were given the opportunity to attend one of JICA's sponsored trainings in Japan, to wit:

Name/Position/Office	Course Title	Date
Benjie B. Nierre Sr. Water Resources Facilities Technician, Region 11	Participatory Irrigation Facility Management	March 16 to April 16, 2010
Gaudencio John M. de Vera Sr. Engineer A, Region 1		
Manuel L. Raneses Principal Engineer A, Region 11	Agricultural Infrastructure Improvement in the Fields for Rural Development	May 16 to August 7, 2010
Freddie M. Toquero Division Manager A, UPRIIS	Hydrology	October 17-30, 2010
Ben Roger P. Lucas Instrument Technician A, MRIIS	Equipment Maintenance	October 17-30, 2010

2010 ANNUAL REPORT

Housing for Employees

The NIA Housing Management Committee has identified lots in different Regions potential for conversion into NIA Housing Project.

A study shall be undertaken to determine if there will be future use for these lots other than the housing projects.

NIA Management vows to provide decent housing facilities to its employees nationwide.

The efforts of the NIA Housing Management Committee in converting potential lots into NIA housing facilities has been a significant stride to address the needs of employees for decent housing nationwide.

Procurement and Physical Assets Management

2010 has given many ways the Procurement and Property Division (PPD) another milestone for the accomplishment of its duties and responsibilities for the National Irrigation Administration.

Among changes in the top management, the Division remained focus in fulfilling its mission, ensuring that transparency, equal opportunity; uniform and streamlined procedure and accountability in all activities undertaken are being observed.

The provisions of RA9184 in the procurement of goods, services and infrastructures were observed and were implemented in accordance with the approved Annual Procurement Plan for CY 2010.

With the management's support, PPD is continuing to undertake procurement activities anchored in the delegation of authority.

More so, 553 Purchase Orders were issued amounting to P 24, 133, 592.10. The Procurement Section had processed 672 vouchers for payment to various suppliers/contractors, amounting to P 20, 973, 700.98.

There was only one (1) contract awarded through small value procurement which is the Lease of Copying Machine for the Records Section, HR Division which costs P 172,800.00.

Commonly used supplies, equipment and materials procured through the Procurement Service (PS) amounted to P 2,143,893.95 with corresponding 76 Agency Procurement Requests (APRs).

Repair, Renovation & Maintenance of Building Facilities

The following are the accomplishment of Projects undertaken by the GSD for CY 2010:

1. Construction of GAZEBO Structure at the NIA Quadrangle Area, works includes planning and supervision during the construction of the projects which has undertaken by GSD, in coordination with ARDOMA which is 100% completed.
2. Renovation/repair of Male and Female Restrooms at 3rd floor, NIA Bldg. B at the office of Control-ership Department, works include dismantling of existing floor and wall tiles, rotten ceiling board, toilet fixtures, lightings and etc., including chipping of existing mortar on flooring and walls and replaced it with new construction materials specified on RIV's which will be used on the project. Project is 100% completed.
3. Ground floor NIA Bldg. B at HRD office, renovation/repair of Male and Female Restrooms were also undertaken by GSD. Works include provision of shower rooms, including other works intended for the renovation/ repair of the project.
4. Construction of NIA Marker is also undertaken by NIA-GSD in front of NIA Flagpole Area which has been highlighted by the mission and vision of National Irrigation Administration.

Disposal of Unserviceable Equipment

For CY 2010, NIA was able to generate an income of P 2, 888, 370.70 from the sale of disposable/ unserviceable equipment as shown in the table.

CAR	P 25,000.00
Region I	812, 650.00
Region II	676, 629.00
Region III	34, 479.50

Central Office	42,500.00
TOTAL	P 2,888,370.70

Organization & Management Audit Division

The Organization and Management Audit Division (OMAD) instituted the review/audit of the different organizational units of the Agency including foreign-assisted and locally funded projects to determine the degree of compliance with the established objectives, policies, regulations and approved procedures relative to organization and management and made recommendations to top management:

1. Organization

- Organization audit in BBMP, ARIIP and Region 6
- Organization proposal for MMIP II in Region 12
- Organization Plan for the O&M Phase of the newly-completed foreign-assisted/locally funded projects: BRIS-RIP, SPISP Sub-Projects in Regions 6 and 13, Talibon SRIP and Dauin SRIP
- Re-RPlan
Organization study on the following requests: splitting of IMO in Region 10, reconstitution of Maguindanao IMO, deferment on merging of IMO in Region 2 and proposal for sub IMO in Surigao, Region 13
Reviewed and updated CTI Year 3 to Year 5 and financial requirements
- Staffing
Evaluated and processed requests for extension of daily positions charged to COB and projects in all Regions, extension of monthly and daily positions under foreign-assisted and locally-funded projects, creation of daily positions charged to COB, and authority to fill vacant monthly positions.

1.1. Systems and Procedures

- Procedural flowcharts in the conduct of organization audit/review (existing and proposed)
- Workflow/Process of Accounting Division, Financial Management Department and Engineering Department

Reviewed, prepared and updated memoranda, circulars, administrative issuances and official documents, and various communications referred by top management and other officials for appropriate action.

Maintained close coordination with Department of Budget and Management on matters related to organization and management.

The IAS Department Manager on his presentation of the IAS Mission and Vision during the Exit Conference at General Santos City Region 12 on October 12, 2010

REGION 12 - Lambayong RIS, Sultan Kudarat
Damaged protection dike affecting 13 barangays of about 3,100 ha. isolated area in the system since wet season of CY 2008.

Financial & Operations Audit Division

During the year, Financial and Operations Audit Division (FOAD) conducted extensive evaluation on financial and operations activities of the Agency to ascertain proper allocation and utilization of funds, assure management that the Agency's interests are safeguarded, and determine prudent use of corporate resources within the bounds of existing policies, established rules and regulations, objectives, systems and procedures.

As to the Financial aspect, strict compliance to the following Memorandum Circulars are enjoined:

- MC# 28 s. 1986 - Frequency of Deposits to avoid splitting & delays in remittances;
- MC#28 s. 1982 & MC#19 s. 1982 - as to proper turn-over of used & unused ORs and proper issuance of clearance to officials and employees with money and property accountabilities;
- MC#65 s. 2010, COA Circ.97-002 and 99-33 as to observance of proper liquidation of cash advances. Below are the results of the series of audit engagements.

Responsibility Centers	Date of Audit Engagement 2010	No. of IA's Evaluated	No. of DBC's Audited	No. of Cashiers/ SCO Audited	Amount Remitted during Audit Period (Php)
UPRIIS	January 25 - February 06	11	154	7	6,149,088.99

TOTAL		51	560	63	29,472,528.86

* IMO's not yet implemented

As to the Operation aspect, among the notable actions to be taken during the audit stints are:

- The preparation of short and long term master plan of the irrigation systems, involving IAs in rehabilitation works are recommended to remedy discrepancies between firmed-up service area and irrigated area;
- Prioritization in restoration works must be guided by the following factors: 1) areas with assured irrigation water supply; 2) area not a perennial flood prone; 3) recipients of restoration works are willing to pay ISF, are cooperative and willing to be member of IA;
- The installation of measuring devices, development of rating tables and the monitoring of flow data in the river/creeks and canal systems will help in the equitable and proper allocation and distribution of water as well as enhance the systems operations and the regulation of available irrigation water supply.

Relative to the above, Chief of Offices, officials and employees concerned are instructed to comply strictly and implement the above mentioned Circulars and necessary actions to be taken which are confirmed by the NIA Board Audit Committee and are, therefore, final and executory. Concerned regional offices are further instructed to submit a status report of implementation to IAS for monitoring purposes.

Public Affairs & Information Staff

Public Affairs & Information Staff facilitates information dissemination of NIA's plans, programs and accomplishments using various media of communications

In-house Publications		
1. Newsletter	<i>NIA Currents</i>	<ul style="list-style-type: none"> • 16-page, full-colour newsletter of Central Office newsworthy events and Administrator's activities, circulated nationwide every two months.
2. News Magazine	<i>NIA Digest</i>	<ul style="list-style-type: none"> • 40-page, full-colour news magazine consists of NIA field office's submitted write-ups, circulated nationwide once or twice a year.
3. Annual Report		<ul style="list-style-type: none"> • Consolidated year-end accomplishment report
4. Primer		<ul style="list-style-type: none"> • Updated as per planned program/accomplishments.

More from PAIS**Conduct Job Enhancement Course and Review and Planning Workshop****1. Support programs for Regional and PMO's Public Relations Officers**

Training on Basic Photography, Page-layout, Image editing and video production

Year-end and Midyear review and planning workshops

- A complete package of multi-media specialist course that provides basic knowledge on the production of print and audio-visual information materials
- Formulation of Communications Plan for the current year, monitoring and reporting of accomplishments during the midyear review, sharing of PR experiences, providing updates of NIA's plans, programs and accomplishments and planning for the next semester.

Maintenance/ Inventory of Books and NIA Project Compiled Reports at the NIA Library

Organized the collection by segregating the NIA compiled reports namely: Completion, Progress, Irrigation Project Reports, and Feasibility Studies from the book collection, references in various fields such as Mathematics, English, Science, Law, Business Management, Public Administration, Human Resource, Structural Engineering and others were further classified and catalogued according to the Dewey Decimal Classification.

Legal Services

In the year 2010, the Legal Services Department continued to pursue its mandate of extending legal services to various offices in the Central and Field Offices.

The Department represented the Agency in one hundred eleven (111) various civil cases where NIA is a party thereto in coordination with the Office of the Solicitor General (OSG) and the Office of the Government Corporate Counsel (OGCC).

On the other hand, the Department reviewed and processed two (2) civil works contracts; two (2) supplies contract; thirty eight (38) right-of-way claims; sixty eight (68) Memorandum of Agreements/Understanding; twenty five (25) Lease Agreements; ten (10) Contract of Services; and fourteen (14) Deed of Sale/Transfer/Donation referred to its office from the different offices of the Agency.

The Legal Services Department likewise actively participated in the attempt of the Agency to intensify its efforts in Irrigation Service Fees (ISF) collection through the Retainership Program.

In the year 2010, the Department processed seven (7) Retainership Contracts and eight (8) Deputation Authority, out of which two (2) Retainership Contracts were ap-

proved by the OGCC and four (4) Deputation Authority were approved by the OSG.

Finally, the Legal Services Department acted upon miscellaneous matters referred to its office. Among these are eighty one (81) administrative matters (opinion/review/assistance) and twenty three (23) administrative complaints directly forwarded by NIA offices nationwide.

Summary of Accomplishments

Right of Way	38
Retainership	7 Processed 2 Approved
Deputation	8 Processed 4 Approved
Lease Agreement	25
MOA / MOU	68
Opinion Review/Assistance	81
Administrative Complaint	23
Number of Cases	111
Contract For Civil Works	2
Contract For Supply	2
Contract Of Services	10
Deed of Sale/Transfer/Donation	14

Program Thrusts for CY 2011

Under the Medium-Term Philippine Development Plan 2011-2016, the agriculture sector, through prudent use of resources, shall have attained the following: (a) improved food security and increased rural incomes; (b) increased sector resilience to climate change risk; and (c) enhanced policy environment and governance. In consonance with the cited principles, the thrusts and strategies for the irrigation sector would consider the following policies:

1. Implementation of projects to improve food security and uplift the socio-economic conditions of the farmers;
2. Support for the adoption of integrated land and water resource management or river basin approach in development;
3. Sustenance of O&M of irrigation systems through rehabilitation and improvement;
4. Promotion of the development of effective, affordable, appropriate and efficient irrigation systems;
5. Intensification of research and development and adoption of cost-effective, appropriate and efficient irrigation management technologies;
6. Participation of IA in planning, development and O&M of irrigation systems;
7. Train and build up capacity to promote LGU and women's participation in irrigation development; and,
8. Protection and management of the watersheds.

Consistent with the MTPDP 2011-2016, NIA will pursue the following activities in line with the strategy to make food plentiful at competitive prices and increase resilience of irrigation sector to climate change risk:

1. Rehabilitate and upgrade irrigation systems to increase re-use and recycling of drainage water;
2. Restore non-functioning irrigation facilities to increase irrigated cropping intensity;
3. Accelerate completion of on-going projects;
4. Focus on the sustained O&M of existing irrigation systems;
5. Intensify ISF collection to generate more funds for O&M;
6. Maximize use of equipment to support O&M;
7. Rehabilitate, protect and manage watersheds of irrigation systems;
8. Accelerate IA development towards partial or full turnover of O&M of irrigation systems;
9. Start new committed projects with approved grants/loans and assured funding support;
10. Focus on small-scale, labor-intensive irrigation projects; and,
11. Strengthen and enhance research capability.

Under its CY 2011 regular program, NIA envisions to generate about 27,100 ha of new areas for irrigation and to restore about 28,300 ha of non-functioning irrigation systems. Rehabilitation or improvement of existing irrigation facilities servicing about 100,700 ha is also programmed during the year. Some P 12.79 billion will be needed to pursue the implementation of six (6) foreign-assisted projects and forty one (41) locally funded projects including the funds for the conduct of feasibility studies and detailed engineering of various projects and funds for IMT support services. About 20% of this amount represents loan proceeds and 80% local counterparts.

In collaboration with the Department of Agrarian Reform, the Agency's physical targets for the irrigation development in Agrarian Reform Communities include the generation of about 2,250 ha of new areas and rehabilitation or improvement of existing irrigation facilities servicing about 1,780 ha. Financial requirement is about P 248.2 million. Majority of the projects are CIP/CIS and programmed under the CARP-IC Phase II funded under ARF and ARISP III which is partly funded from World Bank Loan.
